PERFIS PARA IMPLEMENTOS RODOVIÁRIOS ASAALUMÍNIO.

Com o intuito de disponibilizar uma ampla gama de soluções em perfis de alumínio, para uso em veículos da categoria pesada. Trabalhamos incessantemente e investindo em novos produtos para carrocerias de transporte diversos.

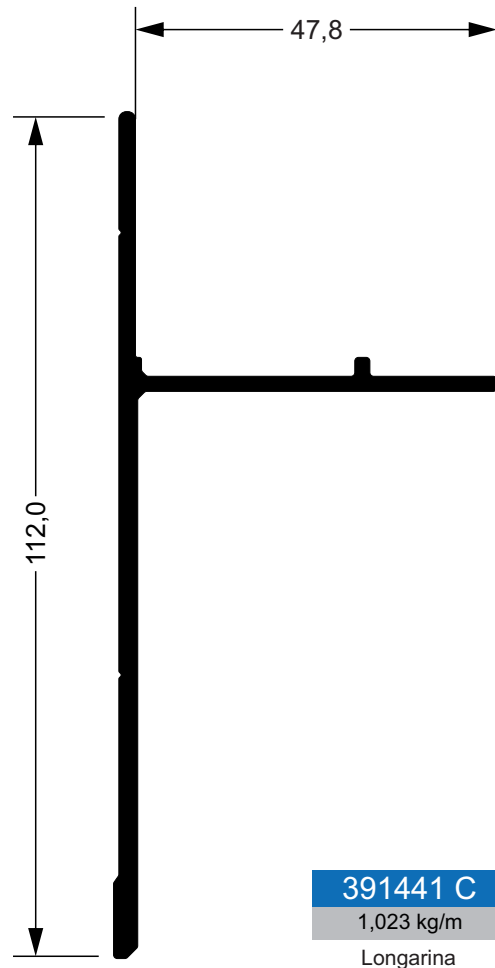

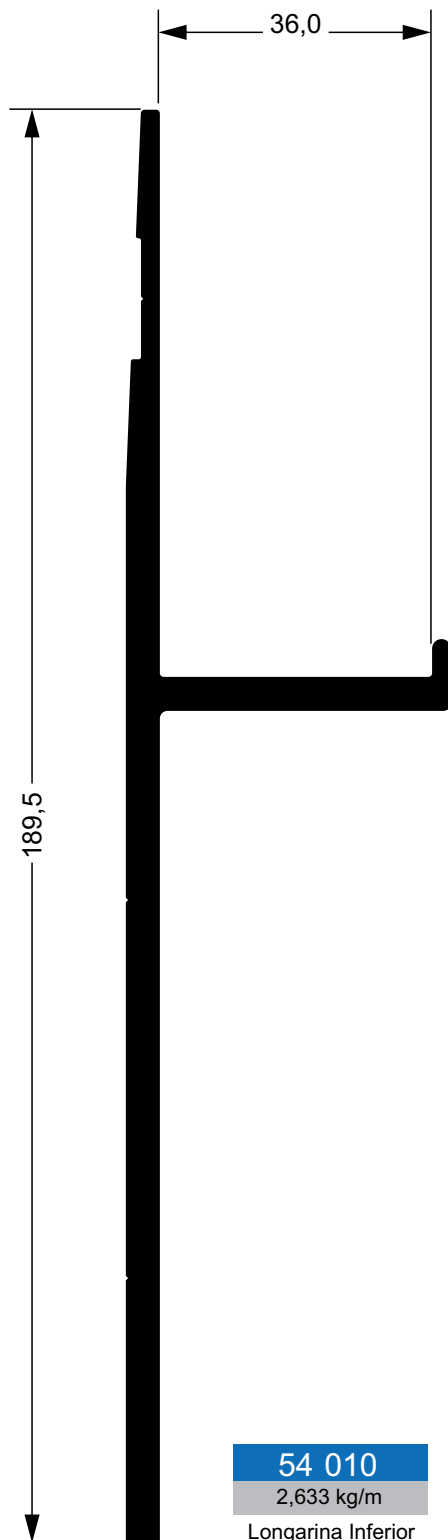

Com um amplo portfólio de perfis para fabricação de baús, carrocerias modulares, graneleiros, reboques, semirreboques, sider e carrocerias especiais.

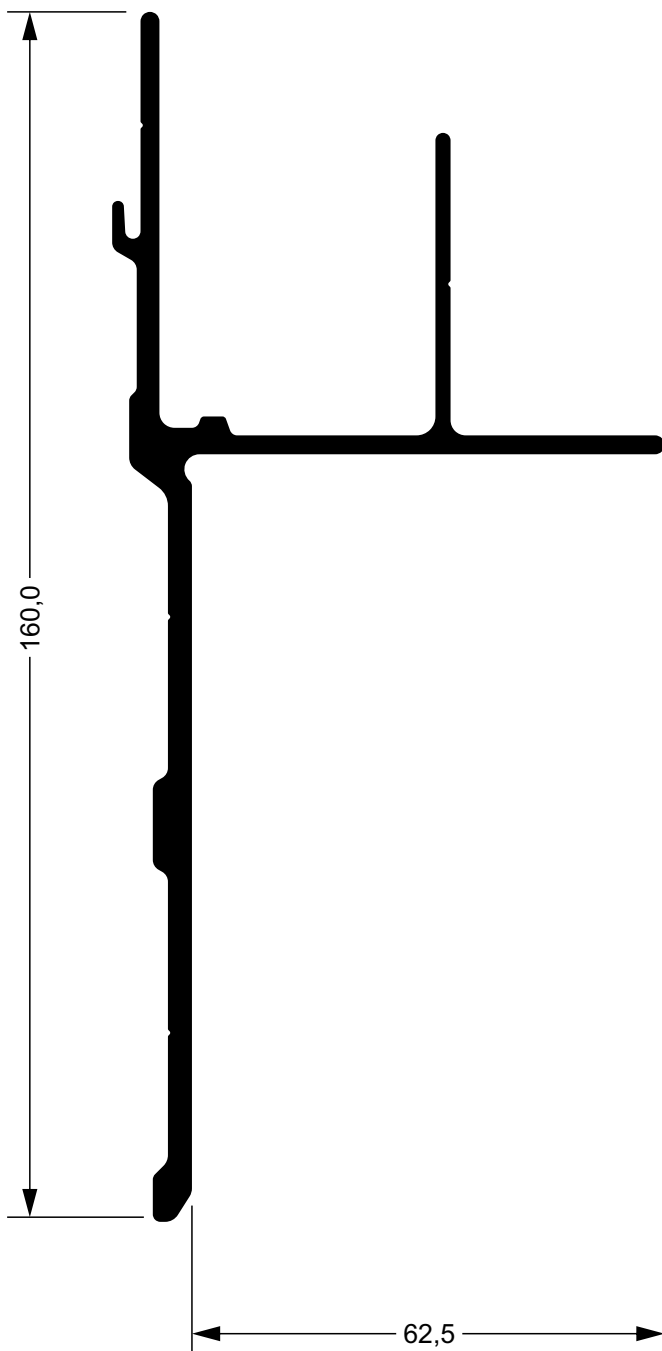

Contamos com estrutura voltada para a excelência no atendimento e suporte técnico para desenvolvimento de perfis de grandes dimensões e rapidez na produção de ferramentas, á Asa Alumínio está pronta para lhe auxiliar nos desafios de soluções customizadas para cada demanda.
